FM-2572-A	Mechanical 72" Width	25,000 lbs.	\$960.00

Glad Hand Lock

The Glad Hand Lock is applied to the emergency brake (red) connection of the trailer. This lock must be removed before the air line from the trailer can be connected and thereby release the emergency brakes on the trailer. An excellent way to dead-line a trailer.

Note: Locks can be keyed the same or individually.

Glad Hand Lock
